Dear Lindsay and Larry Carter,

We appreciate your help in bringing the Unexpected Surfer Boys to Bangor. The show was polished, very entertaining, and fit perfectly with our Luan themed event. The boys were gracious, charming, talented and fun both during the show, backstage with our crew, and afterwards when they greeted their fans in our atrium.

We had a fantastic time with them and look forward to having the boys back with another version of the show. We've already had audience members asking when that will be!

Sincerely,  
  
Jeri Mislter, Managing Director
